## WEDNESDAY WEBINAR

# Wrapping Up 2022 and Preparing for 2023

**NOVEMBER 30, 2022**

10:00am-11:00am (NM Time Zone)

The year-end always presents lots of challenges as we look to wrap up the current year and prepare for the next one. This year it is especially true with so many program and rule changes. Our speaker will share information and advice to help you transition smoothly in this important Wednesday Webinar.

- Important information and tips for year-end tax planning
- Managing or obtaining your Employee Retention Tax Credit from the IRS
- How to create good financial statements to save time and money on tax preparation
- Planning for 2023 changes and involving your team

**Gary Ross Dietrich**

Managing Partner - CPA | CIT

Ross Dietrich is a certified public accountant (CPA) with over 20 years of experience. In addition to serving as Managing Partner, he leads the firm's tax department and construction practice. Ross's practice focuses on providing attest services, which includes audits and financial reviews. He is also experienced in tax and accounting. Ross provides services to transportation and construction-related businesses, and has strong relationships with many individuals, businesses, and organizations that support the construction industry.
